IMPACT

Concussion Management Program

Why implement a concussion management program?

- ✗ Approximately 10 percent of all athletes involved in contact sports, such as football, hockey, and soccer suffer a concussion each season.
- ✗ The majority of athletes recover quickly; however, others may experience physical, cognitive and neurobehavioral difficulties related to the injury.
- ✗ Athletes that are not fully recovered from an initial concussion are significantly vulnerable for recurrent, cumulative, and even catastrophic consequences of a second concussive injury.

How can ImPACT help you to manage concussions?

ImPACT™ is a neuropsychological assessment tool used to evaluate an athlete's pre-concussive and post-concussive performance. The web-based program provides information regarding the severity of injury and a standard for evaluating return to play. The program consists of a self-report symptom questionnaire, a concussion history form and 7 tests of neurocognitive functioning that measure attention span, working memory, sustained attention, reaction time, response variability, visual and verbal memory, selective attention and non-verbal problem solving.

How much does ImPACT cost?

ImPACT is available on a yearly subscription basis. Please see below for details:

PACKAGE 1: \$500 per school/organization per year

- ✗ **First Year:** Baseline up to 300 athletes/30 post-injury tests
- ✗ **Following Years:** Add 150 baseline tests and 30 post-injury tests

PACKAGE 2: \$750 per school/organization

- ✗ **First Year:** Baseline up to 600 athletes/60 post-injury tests
- ✗ **Following Years:** Add 300 baseline tests and 60 post-injury tests

PACKAGE 3: \$1,000 per school/organization

- ✗ **First Year:** Baseline up to 1,000 athletes/100 post-injury tests
- ✗ **Following Years:** Add 500 baseline tests and 100 post-injury tests

How do you get ImPACT?

ImPACT is now available locally through WellSpan Health. Simply partner with WellSpan and you will have local access to everything you need to manage concussions.

What additional benefits can I realize by partnering with WellSpan to provide ImPACT?

- ✗ Free educational programs for your athletes and/or parents
- ✗ Free printed educational materials
- ✗ Direct access to local pediatric neurologists
- ✗ Web-based testing that allows athletes to take the pre-injury assessment at home or school
- ✗ Convenient post testing locations

Is WellSpan qualified to offer ImPACT?

WellSpan Neurology is a Credentialed ImPACT™ Consultant (CIC) for the ImPACT™ program. This certification is obtained by fulfilling the requirements established by the University of Pittsburgh Medicine Center's Sports Concussion Program.
