Smiling Again

When the wife of a reverend doesn't want to go to church, it's a sign that something is wrong. Shelia Hartman of York had not lost her faith. She had lost her confidence. She had broken and lost several teeth over the years, and just didn't have the money to pay for the extensive dental work needed.

"I wouldn't go to church. I wouldn't go anywhere," Hartman said. Then she learned about Hoodner Dental Center and went there for her dental work.

"They've been so kind to us and blessed me," Hartman said of the dentists and staff. With a renewed confidence, Hartman is back to church and smiling a lot more.

Snapshots of Philanthropy - 2019 Impact Review

Through philanthropic support, the Hoodner Dental Center and York Hospital Dental Center serve as a safety net for those who do not have dental insurance and cannot pay out of pocket. There is a strong connection between oral health and well-being, and everyone deserves the opportunity to access affordable and equitable dental care.

Our dentistry teams compassionately serve the most vulnerable patient populations throughout south central Pennsylvania, including children, the elderly, and special needs and low-income patients of all ages.
