

Internship Admissions, Support, and Initial Placement Data

Date Program Tables are updated: August 2021

Program Disclosures

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values?	<p style="text-align: center;">✓ Yes</p> <p style="text-align: center;">N/A No</p>
If yes, provide website link (or content from brochure) where this specific information is presented:	
Details of WellSpan Philhaven CBT policies and procedures are located on the APPIC website and in the Internship Training Manual (https://www.wellspan.org/media/2444005/Training-Manual-2020-2021.pdf)	

Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

The doctoral internship at WellSpan Philhaven CBT is designed to train future psychologists to work in health care settings, especially large, integrated health systems such as ours, as providers of comprehensive psychological services with an emphasis on multidisciplinary collaboration.

Accordingly, we are aggressively recruiting a diverse group of interns with a passion for learning CBT and integrating these skills into medical settings and to performing diagnostic screenings and more comprehensive evaluations, serving as consultants to multidisciplinary treatment teams, and providing staff trainings in areas such as Motivational Interviewing. Also, we seek interns who are capable of a close reading of the relevant research literature and of presenting this clearly and succinctly to a professional audience in the true tradition of the practitioner-scholar. WellSpan Philhaven offers a full spectrum of psychological services to virtually all diagnostic categories and all ages in inpatient, crisis intervention, intensive outpatient, outpatient, and medical-surgical settings. The internship has a strong cognitive behavioral orientation aimed to address the physical and emotional health of the population. Interns participate in this effort by spending their time divided into three main tasks: addressing population health by serving as a Behaviorist in Primary Care, honing their assessment and therapy skills in traditional outpatient settings, and training to extend proficiency in cognitive behavioral psychotherapy with an emphasis in behavioral medicine and community behavioral health.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	Yes	-	Amount: 300
Total Direct Contact Assessment Hours	Yes	-	Amount: 50

Describe any other required minimum criteria used to screen applicants:

None
